This Information Disclosure Statement resubmits, Spiro, "Simulation Integrierter Schaltungen", 2 Auflage, R. Oldenbourg Verlag Munich, Wien 1990, together with a complete English language translation. When originally submitted, a translation was not provided. However, the reference met the English language requirements of the U.S. Patent and Trademark Office at least because the reference is described in the specification. However, since the reference has been relied upon by the Examiner, a complete translation is now submitted so that the record will reflect that the reference has been fully considered and the claims patentably distinguish thereover.
